## Experience

---

### Hardware Store Associate

Nuthouse Hardware | New York, NY | Nov 2025 – Present

- Assisted with customer service and inventory updates

### Machine Shop Worker

C&W Machine | Tacoma, WA | Sep 2023 – Mar 2024

- Operated lathe, drill press, saw and sander-grinder to turn, punch, tap, bend, cut, deburr or sand metal parts
- Assembled hundreds of oven door latches; handled CNC machines in producing metal parts

### Day Porter

CCS Facility Services | Seattle, WA | Oct 2022 – Sep 2023

- Assisted with graffiti removal, indoor painting, fixtures repair, trash removal

### City Letter Carrier

United States Postal Service | Seattle, WA | Jan 2019– Apr 2019

- Assisted with letter delivery

### Warehouse Associate

Amazon logistics | Seattle, WA | Mar 2018 – Dec 2018

- Worked on order fulfillment, packages sortation and cargo unloading
- Provided support in customer service for dispatching

### Dishwasher & Cook

Eva's Bakery | Salt Lake City, UT | Dec 2016 – Apr 2017

- Cleaned and sanitized dishes, pots, pans, trays, and utensils using proper procedures and equipment in a fast-paced environment
- Helped with cutting, slicing and cooking

### Freelance Research Analyst

Freelancer | Salt Lake City, UT | Jun 2015 – Nov 2016

- Contributed to prior arts search and analyzed sequences data from a pending patent application
- Drafted an analysis report of a patent application in front of USPTO (United States Patent and Trademark Office)

- Developed a pipeline for financial data extract, transform and load using ruby

## **Bioinformatics Engineer**

Guangzhou RiboBio | Guangzhou, Guangdong, China | Jan 2015 – Apr 2015

- Programmed in Ruby and R for biological data parsing

## **Bioinformatics Engineer**

Suzhou Genowise | Suzhou, Jiangsu, China | position: Sep 2014 – Dec 2014

- Assisted with gene panel design for gene testing product development
- Coded in R for genetic marker data wrangling

## **Academic Staff**

Institute for Genomic Biology, University of Illinois | Urbana, IL | Apr 2012 – Jul 2014

- Identified two stem-specific promoters through RNA-Seq data mining and qRT-PCR expression analysis
- Invented a method of boosting photosynthetic rates by 15%-20% in transgenic C4 plants
- Constructed 28 plasmids for transgenic testing in sorghum and/or sugarcane

## **Graduate Research Assistant**

Energy for Biosciences Institute, University of Illinois | Urbana, IL | Aug 2009 – Jan 2012

- Constructed and maintained a 2x fosmid library using *Miscanthus x giganteus* genomic DNA
- Cloned *ppdk* intergenic sequences and designed two CAPS marker for genetic mapping

## **Graduate Research Assistant**

IGDB, Chinese Academy of Sciences | Beijing, China | Aug 2007 – Jul 2009

- Expressed one membrane-related TaRLK-R3 peptide in *E. Coli* and accomplished fragments analysis using relevant species of *Triticum aestivum*

## **Education**

---

### **Master of Science in Bioinformatics**

University of Illinois at Urbana-Champaign

Graduated: Dec 2011

### **Master of Science in Genetics**

Institute of Genetics and Developmental Biology, Chinese Academy of Sciences

Graduated: Jul 2009

### **Bachelor of Engineering in Bioengineering**

Hunan Agricultural University

Graduated: Jun 2006

## **Certifications**

---

SAS Certified Base Programmer for SAS 9

SAS Certified Advanced Programmer for SAS 9
